

BRIAN A. SMITH

DOCTOR OF CHIROPRACTIC AND CERTIFIED NATUROPATHIC PHYSICIAN

ORLANDO, FLORIDA 32828

E-MAIL: BRIANSMITHDC@AOL.COM

TELEPHONE: (407) 457 – 2800

FAX: (518) 684 – 8526

Dr. Smith was licensed in California as a chiropractic doctor between 1987 and 2010. He has obtained post-graduate certifications as a chiropractic internist (1996), accident reconstruction (1997) and a naturopathic physician (1999). He has augmented these honors with experience as a clinical investigator, clinic director, university faculty member and author. Dr. Smith obtained his Teaching Credential for the State of California in 1990. . Dr. Smith has been occupied recently with writing research articles and books including:

- Our Ancestral History in 17th Century England and Ireland (2 Volumes)
- The Southworth, Foliot and de Ewyas Nobility of Yorkshire, Nottinghamshire and Lancashire, England from the Franco-Norman Conquest of 1066.
- “Chiropractic Medicine: An Oxymoron?” *Journal of Chiropractic Humanities*
- “The Medical Sectary, 19th Century Medicine in the United States Angeles” *History of Medicine*

PRIVATE PRACTICE, PALM SPRINGS

October 2008 – May 2010

PRACTICE CHARACTERISTICS

Diversified technique primarily. Certified in Neuro-Vascular Dynamics (NVD, Bennett Reflex) through NVD Masters, Duarte, California. Proficient in Gonstead and SOT.

Familiar with physical therapy modalities.

Approximately 85% of patient base is being treated for internal disorders; remainder are neuromuscular-skeletal complaints.

FACULTY

- **KEISER UNIVERSITY**, Faculty, 2016, Orlando, Florida.
Basic Sciences: Anatomy and Physiology I and II plus Lab, 8 units, 1st and 2nd semesters
- **CONCORDE CAREER COLLEGE**, Faculty, 2012 – 2014, Orlando, Florida.
Registered Nursing, 15 month program: Nutrition 101, 4 units, 2nd semester;
Anatomy and Physiology plus Lab, 6 units, 1st semester
Neurodiagnostic Technology, 17 month program: Anatomy and Physiology, 4 units, 1st semester
Medical and Dental Assistant: Ethics in practice
Tutoring: Microbiology and chemistry
- **AIDS EDUCATION AND TRAINING CENTER**, HIV Nurse Clinician and Training Course, University of Southern California, School of Nursing, 1990 – 1999, Los Angeles, California.

Developed and taught complete program in non-drug intervention for HIV+ persons, including dietetics, abnormal physiology affecting vitamin and mineral absorption, utilization and excretion, botanical medicine and other non-allopathic techniques.

- **SAMRA UNIVERSITY OF ORIENTAL MEDICINE**, HIV & AIDS, diagnosis, treatment & management, 1993 – 1994, Los Angeles, California.

Developed and taught full semester class on all phases of HIV care, including diagnostic testing procedures, medical and non-medical treatment, standards of care and all phases of patient management.

Designed and administered testing procedures to assess pupil comprehension.

CLINIC DIRECTOR – NEW HEALTH CONCEPTS, LOS ANGELES

Co-owner of multidisciplinary health clinic; January 1988 – September 2008

Supervised affiliated allied healthcare professionals within clinic and established professional association with non-clinic providers.

Developed office policy procedures and manual for clinic employees, including all phases of billing procedures, telephone script, and patient registration and management.

PRACTICE CHARACTERISTICS

Diversified technique primarily. Certified in Neuro-Vascular Dynamics (NVD, Bennett Reflex) through NVD Masters, Duarte, California. Proficient in Gonstead and SOT.

Familiar with physical therapy modalities.

Approximately 50% of patient base is sports injury related, weight-lifting injuries predominating.

Continuing education includes sports injury seminars, extremity injury management, lymphatic drainage techniques, nutritional therapeutics, and HIV management.

CLINICAL INVESTIGATOR

BASTYR UNIVERSITY, Seattle, Washington

- “Alternative therapies for HIV/AIDS” Nationwide, funding National Institutes of Health, 1996 – 1998.
- Verification of compliance with IRB guidelines, The Belmont Report, the Nuremberg Code, and the World Medical Association Declaration of Helsinki.
- Enforcement of participant protection guidelines per the Office for Protection from Research Risks of the N.I.H. and Title 45, Part 46 of the Code of Federal Regulations/Protection of Human Subjects.
- Induction of study participants, comprising 15% of nationwide total
- Data collection on study participants

BIO MED. COMM., Seattle, Washington

- “Portraits of HIV+ Persons Most Responsive to Treatment with Homeopathic Growth Factors IGF₁, PDGF_{BB}, TGF_{β1}, GM-CSF” (*Alternative Medicine Review*) Nationwide, privately funded, 1997 – 1998.
- Verification of compliance with IRB guidelines
- Enforcement of participant protection guidelines
- Induction of study participants
- Data collection on study participants

SCIENTIFIC AND MEDICAL ADVISORY BOARD MEMBER:

AIDS ReSEARCH ALLIANCE, Los Angeles, California.

- Review presentations of experts in various disciplines involving HIV including diagnostic parameters, proposed research projects and health assessment protocols.
- Determine which proposed research projects to fund.

RESEARCH PROJECT DESIGNER

DREW MEDICAL UNIVERSITY, Los Angeles, California:

- Designed a sixteen week pilot research project to assess the immunostimulatory effects of an arabinoxylane extract on Natural Killer Cell activity.
- Researched laboratory procedures to assess NK Cell function and located appropriate laboratory facility. Lymphocyte antigen and mitogen proliferation analysis, basic and NK lymphocyte enumeration analysis, and Natural Killer Cell/LAK function via a 4-hour ⁵¹Chromium-release assay were determined to be valid parameters for assessing NK cell function.
- Developed budget required to complete study, including laboratory costs, clinical researcher's fees and materials.

AIDS RESEARCH ALLIANCE, Los Angeles, California:

- Designed a thirty-six week research project to correlate lean body mass indicators with health status in HIV+ subjects under the Exploratory Grants for Alternative Medicine program of the Office of Alternative Medicine of the National Institutes of Health.
- Determine appropriate assessment procedures for lean body mass to include total muscle mass, percentage lean body mass, serum total protein and albumin levels.
- Determine appropriate indicators of health status and develop appropriate questionnaires to establish frequency and severity of opportunistic infections, number and length of hospitalizations, and T4 and T8 lymphocyte counts.

PROFESSIONAL ACCOMPLISHMENTS

DIRECTOR AND CO-FOUNDER:

CHIROPRACTIC PRACTICE RIGHTS COALITION OF CALIFORNIA, an unincorporated, non-profit professional association dedicated to the preservation of the chiropractic scope of practice and the development of post-graduate educational programs for chiropractic doctors.

- Worked with both houses of the California Legislature, the California Attorney's General Office, the California Office of Administrative Law and County District Attorney's Offices on issues of legislation and scope of practice.
- Co-wrote and presented testimony before the California Board of Chiropractic Examiners regarding adoption of regulations.
- Requested California Legislative Counsel's Opinion regarding scope of practice issues.
- Filed *amicus curiae* on pertinent cases.
- Development programs for operating expenses.

EXPERT WITNESS (CONSTITUTIONAL LAW)

Have provided expert witness testimony for prosecution and defense in constitutional law matters concerning scope of practice of licensed healthcare professions with special emphasis on chiropractic and medical scope of practices since 1994.

1996: Witness for defense, prosecutor – Sonoma County District Attorney; judgment for defense.

2002: Witness for petitioner, defendant – State of California; judgment for defense.

CONTRIBUTING AUTHOR (PEER-REVIEWED RESEARCH PUBLICATIONS)
